

## 2023 Health Plan Renewal

# It's Time to Make 2023 Health Plan Selections

### Dear Administrator:

The Episcopal Church Medical Trust (Medical Trust) has posted 2023 health plan renewal information on My Admin Portal (MAP) via the Medical & Life Participant System (MLPS).<sup>1</sup> The MAP administrator designated by your group to make plan selections may access these materials.

- [2023 Renewal Information Memorandum](#): provides information about the various resources available in MAP (via MLPS) and what to consider as you determine plan offerings for your participating group
- [2023 Plan Selection Instructions for Administrators](#): guides your MAP administrator on how to access your new plan rates and make selections for your participating group

**Remember!** If your group chooses to offer both Anthem and Cigna health plans, **you must offer the same plan designs for both carriers.** This requirement prevents adverse risk selection between the two carriers and provides your employees with equitable plan value choice.

Annual Enrollment will be conducted in two sessions. Your group's assigned session was shared with you via your [IBAMS Account Specialist](#).

- **Session 1:** October 12 to November 2 – Annual Enrollment member letters will be mailed September 27.

- **Session 2:** October 26 to November 16 – Annual Enrollment member letters will be mailed October 13.

### Getting in Touch

The IBAMS team has been fully engaged in the rate-setting process and is here to support you. If you have any questions about your health plan renewal, would like to discuss your options and strategy, or want to schedule member education during Annual Enrollment, please contact your [IBAMS Account Specialist](#).

Thank you for the opportunity to serve you another year.

Faithfully,

**Laurie Kazilionis**  
 Senior Vice President  
 Integrated Benefits Account Management Services  
 Church Pension Group  
 Direct: 212-592-6293  
 Cell: 917-545-6318

1. If you have trouble opening a renewal document from MAP/MLPS, try saving the file to your desktop first and then opening the file from the saved location, as some browsers may experience compatibility issues.
