Dear Friend:

I invite you to view the [Church Pension Group's 2023 Annual Report](#), which highlights our ongoing efforts to support the clergy and lay employees of The Episcopal Church in their calling to spread the gospel.

Through a series of videos, articles, photographs, and graphics you will learn

how this past year we paid out \$432 million in benefits, released our first ever lay employment and compensation report, and had more than 115,000 client service interactions.

We are pleased that our investment performance continues to outperform benchmarks, which gives us confidence that we can continue to meet evolving needs consistent with our charter.

In addition, the Annual Report also includes the [Denominational Health Plan Annual Report](#), which highlights the efforts of The Episcopal Church Medical Trust to contain healthcare costs, reduce cost disparities among dioceses, and provide equal access to and parity of healthcare funding for eligible clergy and lay employees.

I hope you enjoy these highlights of the many ways our products, programs, and services work in concert to support the people and institutions of The Episcopal Church.

Faithfully,

Mary Kate Wold
CEO and President
