

Introducing Benefits Bill Pay

Dear Friend:

Get ready for a quick, convenient, and safe way to view and pay your benefit invoices!

Beginning October 2025, Church Pension Group (CPG) will be transitioning to a new, streamlined way to manage your benefit invoices. Through Benefits Bill Pay, a new feature being added to **MyCPG Accounts**, you'll be able to view and pay your pension and/or group health invoices online using a bank transfer or debit card.

CPG will no longer mail paper invoices or accept check payments after October 2025.

What You Need to Do

- **If you are already set up in [MyCPG Accounts](#)**
Make sure your account is up to date with a valid **personal** email address on file.
 - Without a personal email address on file, you will not receive notifications about your benefit bills, which could cause you to fall behind on your payments.
- **If you are not set up in MyCPG Accounts**
Go to [cpg.org/mycpg](#) select "Create Account," and follow the prompts. Setting up an account takes just a few minutes.

When Benefits Bill Pay goes live in October, you will begin to receive email notifications that your benefit invoice(s) is ready to view and pay online in MyCPG Accounts. Watch for more information about Benefits Bill Pay in the coming months.

Thank you for helping us move toward a quick, convenient, and safe billing experience. If you have questions about creating an online account, please call Client Services at 866-802-6333.

Sincerely,

The Church Pension Group
