## At-home COVID-19 Test Kit Update

The US government announced that every residential household is eligible to order four at-home COVID-19 tests for free at [COVIDtests.gov](https://www.covidtests.gov). We encourage both active and retired members of the Medical Trust to order these free tests from the US government.

Effective January 15, 2022, Federal law requires active group health plans to cover the cost of certain FDA-approved at-home over-the-counter (OTC) COVID-19 tests during the public health emergency. Medical Trust members **enrolled in an Anthem or Cigna health plan** can receive up to eight FDA-approved at-home OTC COVID-19 tests for free through their [Express Scripts pharmacy benefit](#).

Medical Trust members **enrolled in a Kaiser health plan** can also receive up to eight FDA-approved at-home OTC COVID-19 tests for free. Kaiser members should contact member services at (866) 213-3062 or visit [kp.org](https://kp.org) to learn more.

At this time, individuals enrolled in the **UnitedHealthcare Group Medicare Advantage plans** are not eligible for reimbursement of OTC COVID-19 test kit purchases. However, as a reminder, COVID-19 testing and vaccinations performed through your healthcare provider are covered.
