# Report of Independent Auditors

Board of Trustees of The Church Pension Fund

#### **Opinion**

We have audited the financial statements of The Church Pension Fund, The Church Pension Fund Clergy Pension Plan, The Episcopal Church Lay Employees' Retirement Plan and The Staff Retirement Plan of The Church Pension Fund and Affiliates, which comprise the combined statements of net assets available for benefits as of March 31, 2023 and 2022, and the related combined statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of The Church Pension Fund, The Church Pension Fund Clergy Pension Plan, The Episcopal Church Lay Employees' Retirement Plan and The Staff Retirement Plan of The Church Pension Fund and Affiliates at March 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Church Pension Fund, The Church Pension Fund Clergy Pension Plan, The Episcopal Church Lay Employees' Retirement Plan and The Staff Retirement Plan of The Church Pension Fund and Affiliates and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of the entity's internal control. Accordingly, no such
  opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

See accompanying notes to the combined financial statements.

# NOTES TO COMBINED FINANCIAL STATEMENTS YEARS ENDED MARCH 31, 2023 AND 2022

#### 1. ORGANIZATION

The Church Pension Fund (CPF) is a not-for-profit corporation chartered in 1914 by the Legislature of the State of New York. CPF is authorized by the Canons of The Episcopal Church to establish and administer the clergy pension system of The Episcopal Church, including pension, life and health benefits, as well as the lay employee pension system and the denominational health plan of The Episcopal Church. Since its founding, CPF has elected to be examined by the New York State Department of Financial Services.

CPF began its operations on March 1, 1917. Subsequently, affiliates of CPF were formed as its activities expanded. Major affiliates and their years of formation include: Church Publishing Incorporated, 1918; Church Life Insurance Corporation, 1922; The Church Insurance Company, 1929; The Church Insurance Agency Corporation, 1930; The Church Insurance Company of Vermont, 1999; Church Pension Group Services Corporation, 2002.

All operations of CPF and its affiliates, informally known as the Church Pension Group, are governed by CPF's Board of Trustees. Except for the Chief Executive Officer (CEO), all CPF Trustees serve without compensation and are elected by the General Convention of The Episcopal Church from a slate of nominees submitted by the Joint Standing Committee on Nominations of The Episcopal Church.

#### 2. DESCRIPTION OF THE PLANS

CPF's assets are primarily used to fund a defined benefit plan and related benefits for eligible clergy of The Episcopal Church (the "Clergy Plan") and their beneficiaries. A portion of these assets are held in The Church Pension Fund Clergy Pension Plan, which is sponsored and administered by CPF. CPF is also the plan sponsor and administrator of The Episcopal Church Lay Employees' Retirement Plan (the "Lay Plan") and The Staff Retirement Plan of The Church Pension Fund and Affiliates (the "Staff Plan"). The Church Pension Fund Clergy Pension Plan, the Lay Plan and the Staff Plan are collectively referred to as the "Qualified Plans." The following is a brief description of the Clergy Plan, the Lay Plan and the Staff Plan for general information purposes only. Participants in these plans should refer to the plan documents of their respective plan for more complete information. In the event of a conflict between this brief description and the terms of the plan documents, the terms of the plan documents shall govern.

# 2. DESCRIPTION OF THE PLANS (CONTINUED)

The Church Pension Fund Clergy Pension Plan is a defined benefit plan providing retirement, death and disability benefits to eligible clergy of The Episcopal Church. The Lay Plan is a defined benefit plan providing retirement, death and disability benefits to eligible lay employees of participating employers of The Episcopal Church. The Staff Plan is a defined benefit plan providing retirement and death benefits to eligible employees of Church Pension Group Services Corporation. The respective assets of these defined benefit plans and other benefit plans maintained by CPF are pooled, solely for investment purposes, for the benefit of all participants. The Qualified Plans qualify as church plans under Section 414(e) of the Internal Revenue Code (the "Code"). As church plans, the Qualified Plans and other plans are exempt from Titles I and IV of the Employee Retirement Income Security Act of 1974 and, therefore, are not subject to Pension Benefit Guaranty Corporation requirements or guarantees. These plans have long been recognized as exempt from federal income taxes. CPF and its affiliates are also exempt from certain federal, state and local income taxes.

Management believes the Qualified Plans are being operated in compliance with their applicable requirements under Section 401(a) of the Code and, therefore, believes that the Qualified Plans, as amended, are qualified and the related trust is tax exempt under section 501(a) of the Code. The Qualified Plans and other plans may be terminated by CPF at any time. Upon termination of any of these plans, CPF has the obligation to distribute the plan assets in accordance with the terms of the applicable plan documents.

Accounting principles generally accepted in the United States (GAAP) require CPF and the Qualified Plans to evaluate uncertain tax positions taken by CPF and the Qualified Plans. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the Internal Revenue Service. There were no uncertain tax positions taken by CPF or the Qualified Plans as of March 31, 2023 and 2022.

CPF maintains a master trust with an undivided ownership interest in the portion of CPF's assets allocable to (1) The Church Pension Fund Clergy Pension Plan benefits for vested participants and their dependents, (2) the Lay Plan benefits for participants and their dependents, and (3) the Staff Plan benefits for participants and their dependents. The master trust agreement names CPF as Trustee and The Northern Trust Company as Custodian.

The portion of the master trust attributable to The Church Pension Fund Clergy Pension Plan is funded, as necessary, to be at least equal to the actuarial liability of the benefits payable under that plan to vested participants (retired and not yet retired) and their dependents. The portion of the master trust (1) attributable to the Lay Plan is funded by assessments paid by participating employers, and (2) attributable to the Staff Plan is funded at the discretion of CPF.

## 2. DESCRIPTION OF THE PLANS (CONTINUED)

The assets in the master trust can only be used to pay the plan benefits described above and certain plan expenses. As of March 31, 2023 and 2022, the master trust assets included in the combined statements of net assets available for benefits, relating to the plan benefits described above, amounted to \$6.2 billion and \$6.0 billion, respectively.

# 3. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

The accompanying combined financial statements include the accounts of CPF and the Qualified Plans and have been prepared in accordance with GAAP. All inter-plan balances and balances with CPF have been eliminated in these combined financial statements.

The preparation of the combined financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the combined financial statements and accompanying notes. The fair value of investments and accumulated plan benefit obligations represent the most significant estimates and assumptions. Actual results could differ significantly from these estimates and assumptions.

# A. Summary of Significant Accounting Principles

The following are the significant accounting policies followed by CPF and the Qualified Plans:

## *Investments*

Investments are stated at fair value. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the combined financial statements.

Fair values of financial instruments are determined using valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Fair values are generally measured using quoted prices in active markets for identical assets or other inputs, such as quoted prices for similar assets that are observable, either directly or indirectly. In those instances where observable inputs are not available, fair values are measured using unobservable inputs for the asset. Unobservable inputs reflect management's own assumptions about the assumptions that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances. Fair value estimates derived from unobservable inputs are significantly affected by the assumptions used, including the discount rates and the estimated amounts and timing of future cash flows. The derived fair value estimates cannot be substantiated by comparison to independent markets and are not necessarily indicative of the amounts that would be realized in a current market exchange.

# 3. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include (1) quoted prices for similar assets and liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in markets that are not active, (3) observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (for example, interest rate and yield curve quotes at commonly quoted intervals), and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 –Significant unobservable inputs; for example, investments in limited partnerships, which cannot be withdrawn within 90 days from the balance sheet date.

Investments in limited partnerships are carried at fair value. The fair value of these investments is based upon CPF's share of the equity value of the partnership while giving consideration from a market participant's perspective to the features that are unique to CPF's partnership agreements. Because of the inherent uncertainty of the valuations of these investments, the estimated fair values may differ, perhaps materially, from the values that would have been used had a ready market for the investments existed.

The carrying value of CPF's investment in affiliated companies is determined using the equity method of accounting, which approximates fair value.

All investment transactions are recorded on a trade date basis. Realized capital gains and losses on the sales of investments are computed on the first-in, first-out basis. Unrealized capital gains and losses are recorded in the period in which they occurred. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date.

#### Cash and Cash Equivalents

Cash and cash equivalents represent short-term highly liquid investments with original maturities of three months or less and are carried at cost which approximates fair value.

#### Basis of Accounting

The combined financial statements are prepared based on the accrual basis of accounting.

# 3. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

Net Assets

Net assets are classified as with or without donor restrictions or as internally designated for a specific purpose. All gifts, grants and bequests are considered to be without donor restrictions unless specifically subject to a donor-imposed restriction either for use during a specified time period or for a particular purpose. When a donor-imposed restriction is fulfilled or when a time restriction ends, net assets with donor restrictions are reclassified to net assets without donor restrictions. Internally designated assets represent net assets that are identified for a specific purpose.

#### Reclassification

Certain amounts reported in the prior year financial statements have been reclassified to conform to the current year's presentation. Under Note 7, *Net Assets*, an additional category was added for the "Change in the Discount Rate." Previously, this was included in the category "Changes in Other Assumptions." The assessment deficiency is described under Note 7, *Net Assets* as it is an internally designated net asset. Previously, this was included under Note 8, *Accumulated Plan Benefit Obligations*.

# Recently Adopted Accounting Standards

In February 2016, the FASB issued ASU 2016-02, Leases (ASC Topic 842), which requires lessees to recognize a right-of-use (ROU) asset and a lease liability for all leases with terms of more than 12 months. A ROU is a lessee's right to use the underlying asset for the lease term. CPF adopted ASC Topic 842 effective April 1, 2022. Among other requirements, lessees are required to identify leases as either operating or finance and to recognize the following for all leases (with the exception of short-term leases) as of the date of adoption: 1) a lease liability, which is the lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and 2) a ROU asset, which is an asset that represents the lessee's ROU, or control of the use of a specified asset for the lease term. On adoption, CPF elected to utilize the year of adoption modified retrospective approach and recorded a cumulative-effect adjustment to the opening balance of Net Assets Available for Benefits of \$0. CPF also elected to apply all practical expedients applicable to CPF in the updated guidance for transition for leases in effect at adoption, including using hindsight to determine the lease term of existing leases, the option to not reassess whether an existing contract is a lease or contains a lease and whether the lease is an operating or finance lease. As a result of such adoption, CPF recognized a ROU asset of \$0.7 million and a lease liability of \$0.7 million on April 1, 2022.

#### 4. INVESTMENTS

The fair value of investments as of March 31, summarized by general investment type are as follows:

|                                       | 2023             |    | 2022       |  |  |  |
|---------------------------------------|------------------|----|------------|--|--|--|
|                                       | (In Thousands)   |    |            |  |  |  |
| Common and preferred stocks           | \$<br>798,828    | \$ | 988,222    |  |  |  |

| Totals                                | \$<br>16,533,799 | \$ | 18,009,510 |  |  |  |

As of March 31, 2023 and 2022, CPF was not exposed to any significant concentration of risk within its investment portfolio.

Common and preferred stocks consist primarily of direct investments in the common and preferred stocks of a wide range of unaffiliated companies, which include domestic and foreign corporations and holdings in large as well as midsize and small companies.

*U.S. treasury securities* consist primarily of securities issued or guaranteed by the U.S. government, or its designated agencies, including Small Business Administration (SBA) loans.

Municipal securities include direct investments in state and local governments.

*Corporate bonds* consist primarily of investment securities issued by a corporate entity at a stated interest rate payable on a particular future date, such as bonds, convertible bonds, and collateralized mortgage obligations.

Foreign government securities include government securities and debt securities.

*Limited partnership interests* include investments in real estate, private equity and other alternative investments.

Real estate limited partnerships primarily include investments across all major property types including commercial properties, such as office, retail, hotel and land, residential properties and real and other assets such as energy, timber and royalties.

Private equity limited partnerships include strategies focused on venture capital and growth equity/buyout transactions across many industry sectors.

Other alternative investment limited partnerships primarily include investments in hedge funds and absolute return strategies, such as (1) long/short equity hedge funds, which invest primarily in long and short equity securities, (2) credit/distressed debt securities that are generally rated below investment grade with managers that invest in debt or debt-related securities or claims associated with companies, assets or sellers whose financial conditions are stressed, distressed, or in default, (3) multi-strategy hedge funds that pursue multiple strategies and capture market opportunities and (4) fixed income funds. The redemption frequency is semi-annually and/or annually, and the redemption notice period can be from 90 to 360 days.

Certain other alternative investments in limited partnerships are subject to withdrawal "gates" that restrict the ability of investors to withdraw from the investment. The general partners and/or investment managers of the limited partnerships also have rights to suspend withdrawal requests for various reasons, including, but not limited to, insufficient liquidity at the limited partnerships to satisfy withdrawal requests or to preserve the capital interests of the limited partners not withdrawing from the limited partnerships. As of March 31, 2023, there were no significant general partners or investment managers that have exercised these suspension rights.

Limited partnership investments generally span a minimum of ten years, during which committed capital is contributed and distributions are made when income is earned or investments are liquidated.

At March 31, 2023, CPF had open investment commitments to limited partnerships of \$2.4 billion which are expected to be funded during future years. In this regard, from April 1, 2023 through April 30, 2023, CPF invested an additional \$19.2 million in existing limited partnerships and made \$48.2 million in commitments to limited partnerships. Most limited partnership investments are illiquid; however, there is a secondary market in limited partnership interests. There may be penalties should CPF not fulfill its funding commitments; however, CPF seeks to maintain adequate liquidity to ensure that all unfunded commitments are met.

Commingled funds primarily include funds that invest in (1) long and short equity securities, (2) debt or debt-related securities, or (3) corporate bonds and other fixed income securities. The redemption frequency is daily, bi-monthly, monthly or quarterly, and the redemption notice period can be from 5 to 180 days; however, due to restrictions, the entire investment may not be redeemable within 180 days.

#### Derivative Financial Investments

Futures contracts are used primarily to maintain CPF's asset allocation within ranges determined by the Investment Committee of CPF's Board of Trustees. Currency forward contracts are used to hedge foreign currency risk. Such futures and forward contracts trade on recognized exchanges and with recognized counterparties, respectively. Margin requirements are met by pledging cash and cash equivalents. The net amount of the open equity futures contracts aggregated approximately \$0.3 billion short and \$0.8 billion short and the net amount of open fixed income futures contracts aggregated approximately \$1.3 billion long at March 31, 2023 and 2022. Currency forward contracts aggregated approximately \$0.4 billion and \$0.5 billion at March 31, 2023 and 2022, respectively.

The amounts of these instruments are indications of the open transactions and do not represent the level of market, foreign exchange, or credit risk to the portfolio. Since some of the futures and forwards held are adjusting market risk elsewhere in the portfolio, the measurement of the risks associated with these instruments is meaningful only when all related and offsetting transactions are considered. Market risks to the portfolio are caused by changes in interest rates, foreign exchange rates, or in the value of equity markets.

With respect to credit risk, futures and forward contracts require daily cash settlement, thus limiting the cash receipt or payment to the change in fair value of the underlying instrument.

Accordingly, the amount of credit risk represents a one-day receivable. Futures settlements resulted in losses of \$27 million and \$100 million for the years ended March 31, 2023 and 2022, respectively, and currency forward settlements resulted in gains of \$15 million and losses of \$17 million for the years ended March 31, 2023 and 2022, respectively. These transactions are recorded in the accompanying combined financial statements as a component of net appreciation in fair value of investments.

## Affiliated Companies

All of the affiliated companies are wholly owned and/or controlled by CPF. The financial results of The Church Insurance Company and Church Life Insurance Corporation are prepared on a statutory basis of accounting prescribed by the New York State Department of Financial Services. This statutory basis of accounting results in a fair value of these companies that is not materially different from the fair value that would be required under GAAP. The other affiliates are reported on a GAAP basis of accounting. The primary activities and financial status of each of the major affiliates are described in the sections below for the years ended December 31, 2022 and 2021, except for Church Pension Group Services Corporation, which is described for the years ended March 31, 2023 and 2022.

Church Pension Group Services Corporation

Church Pension Group Services Corporation (CPGSC) provides certain services, primarily personnel, general and administrative processing and facilities related, to CPF and its affiliated companies on a cost-reimbursement basis. Church Pension Group 34th Street Realty, LLC is a wholly owned subsidiary of CPGSC that owns the condominium office space that is the headquarters of the Church Pension Group. As of March 31, 2023 and March 31, 2022, the fair value of the condominium office space was \$82.6 million and \$85.4 million, respectively. CPGSC also does business as The Episcopal Church Medical Trust and is the sponsor of the health plan options funded by The Episcopal Church Clergy and Employees' Benefit Trust. Mary Katherine Wold is the Chief Executive Officer and President and Francis P. Armstrong is Executive Vice President and Chief Operating Officer of CPGSC.

# The Church Insurance Companies<sup>1</sup>

The Church Insurance Companies have provided property and liability coverage for Episcopal Church institutions since 1929. Today, more than 90% of Episcopal Church dioceses and churches rely on The Church Insurance Companies for their commercial package insurance coverage. The Church Insurance Agency Corporation (the "Agency") provides insurance agency and risk-management services to The Episcopal Church. The Agency accesses a broad range of property, casualty and other insurance products tailored for the special needs of Episcopal Church institutions through its sister company, The Church Insurance Company of Vermont (CICVT) and through its product partners. CICVT is a single-parent captive insurance company incorporated in 1999 to allow Episcopal Church institutions to benefit from the coverage flexibility and potential cost advantages of this shared risk-financing approach. On August 23, 2012, Church Insurance Services LLC (CIS), a Delaware limited liability company and wholly owned subsidiary of CICVT, was formed to provide captive manager services. CIS is currently inactive. Mary Katherine Wold is the President and Francis P. Armstrong is Executive Vice President and Chief Operating Officer of each of The Church Insurance Companies.

<sup>&</sup>quot;The Church Insurance Companies" means, collectively, The Church Insurance Agency Corporation, The Church Insurance Company, and The Church Insurance Company of Vermont.

# Church Life Insurance Corporation

Since 1922, Church Life Insurance Corporation (Church Life) has provided life insurance protection and retirement savings products to clergy and lay workers who serve The Episcopal Church and to their families. Church Life's insurance products historically included individual and group life insurance and individual and group annuity products. Group life and group annuity premiums comprise the majority of the premium revenue. Effective April 1, 2022, Forrest T. Jones ("FTJ") administers the individual life and individual annuity products on behalf of Church Life. Effective July 1, 2022, the group annuity contract between Church Life and CPF was terminated. All contract balances related to the group annuity were settled as of June 30, 2022. This resulted in a decrease to Church Life's assets and related liabilities by \$94.3 million. Mary Katherine Wold is the President and Francis P. Armstrong is Executive Vice President and Chief Operating Officer of Church Life.

Church Publishing Incorporated

Church Publishing Incorporated (Church Publishing), established in 1918, is a multi-market publisher of church resources and official liturgical works for The Episcopal Church, trade books for general readers, and scholarly works. Subjects include leadership, social justice, inspiration, theology, financial wellness, Christian education, and others. Alongside the books program, Church Publishing provides a suite of electronic resources (RiteSong, RitePlanning, RiteFormation), lectionary inserts, and Christian calendars. Mary Katherine Wold is the President, and Francis P. Armstrong is Executive Vice President and Chief Operating Officer.

| Total                                 | \$<br>1,057,638                 | \$ | 1,389,372 |  |  |  |

There were no transfers into Level 3 for the years ended March 31, 2023 and 2022. There were no transfers out of Level 3 for the years ended March 31, 2023 and 2022.

Limited Partnership interests in real estate, private equity and other alternative investments with a fair value of \$9.0 billion as of March 31, 2023, are primarily valued by using CPF's proportionate share of the limited partnership's equity value as derived from the financial statements provided by the investment managers. This requires a significant amount of judgment by management due to the absence of readily available quoted market prices and the long-term nature of the investments. There are no significant related unobservable inputs.

# 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Affiliated companies with a fair value of \$233 million as of March 31, 2023, are valued by using the underlying financial statements of these companies. There are no significant related unobservable inputs.

#### 6. INTERNATIONAL CLERGY PENSION PLAN

The International Clergy Pension Plan (ICPP) represents the liabilities associated with a group of non-qualified, multiple-employer retirement plans and other ancillary benefits that are administered by CPF on behalf of dioceses of The Episcopal Church that are located outside the 50 United States and certain Anglican churches located outside the 50 United States that were previously part of The Episcopal Church. Non-qualified plans are not subject to Section 401(a) of the Code, which, among other things, requires that the assets be held in a trust. Accordingly, the assets of all ICPP plans are held by CPF and are not part of the master trust (see Note 2).

Management utilizes a third-party specialist, Buck Global, LLC, an actuarial consulting firm, to assist with determining the actuarial liabilities of all plans included in the ICPP.

CPF also has administrative and investment agreements with The Episcopal Church of Liberia, Iglesia Anglicana de México, the Diocese of Puerto Rico (for the provision of retirement benefits for their lay employees only), and each of the five dioceses of the Iglesia Anglicana de la Region Central de America (IARCA). Each of these dioceses sponsors its own retirement plan.

The liabilities for these plans totaled \$180.4 million and \$205.4 million at March 31, 2023 and 2022, respectively.

#### 7. NET ASSETS

The Legacy and Gift Fund stems from bequests and contributions received by CPF from individuals for the purpose of supporting the tax-exempt purposes of CPF, of which a portion may be subject to donor-imposed restrictions. The portion of the principal balance or interest subject to a donor-imposed restriction must be maintained and spent only in accordance with the wishes of the donors, but the remainder is available for use at the discretion of CPF, in accordance with its tax-exempt purposes.

## Internally Designated Net Assets

The Clergy Post-Retirement Medical Assistance Plan represents the estimated liability for a discretionary benefit that CPF has provided to eligible participants in the Clergy Plan and their eligible spouses to subsidize some or all of the cost to purchase medical and dental coverage. CPF has reserved the right, in its discretion, to change or discontinue this discretionary benefit.

Management engaged healthcare actuaries, Aon, to assist in estimating the liability for benefits under the Clergy Post-Retirement Medical Assistance Plan. The discount rate was 5.03% and 3.89% as of March 31, 2023 and 2022, respectively. The mortality table assumption is the same as utilized to calculate the accumulated benefit obligations for the Clergy Plan (see Note 8). Other significant assumptions included for this plan are the current and expected subsidy to provide for medical costs and the participation rate, which was 80% as of March 31, 2023 and 2022.

Effective January 1, 2022, medical and prescription drug coverage for most retired participants in the Clergy Plan is offered through a fully insured plan, UnitedHealthcare's Group Medicare Advantage Plan.

The Clergy Life Insurance Plan represents the estimated liability for future annual insurance premiums required to provide eligible participants in the Clergy Plan with life insurance during active service and when retired.

The Benefit Equalization Plan represents the estimated liability for the benefit provided to those participants in the Clergy Plan whose pension payments would be limited by certain sections of the Code to an amount below their entitlement under the present benefit formula. Subject to certain other provisions of the Code, the Benefit Equalization Plan provides for payment of the difference between the Code limitation and such participant's earned pension benefits.

The Clergy Child Benefit Plan represents the estimated liability for the benefits provided to eligible children of deceased clergy who earned a vested benefit under the Clergy Plan.

The Clergy Short-Term Disability Plan represents the estimated liability for the short-term disability benefit provided to eligible active clergy in the Clergy Plan.

The Clergy Long-Term Disability Plan represents the estimated liability for the long-term disability benefit provided to eligible clergy in the Clergy Plan who became disabled on or after January 1, 2018. Eligible clergy who became disabled prior to January 1, 2018, will continue to receive a disability retirement benefit under the Clergy Plan.

The amount designated for Clergy Plan Assessment Deficiency represents the actuarial present value of the estimated amount to be paid out in benefits in excess of the estimated amount to be received in assessments in connection with the Clergy Plan. The assumptions used to estimate the assessment deficiency are consistent with the assumptions used in the estimates of the actuarial present value of the accumulated plan benefit obligations.

No specific assets are designated to fund the Clergy Post-Retirement Medical Assistance Plan, the Clergy Life Insurance Plan, the Benefit Equalization Plan, the Clergy Child Benefit Plan, the Clergy Short-Term Disability Plan, the Clergy Long-Term Disability Plan payments or the Clergy Assessment Deficiency. These assets are internally designated for these purposes.

The significant assumptions utilized to estimate the liabilities include the discount rate and mortality table assumptions. The Clergy Life Insurance Plan, the Benefit Equalization Plan, the Clergy Child Benefit Plan, the Clergy Short-Term Disability Plan, the Clergy Long-Term Disability Plan and the Clergy Assessment Deficiency apply the same discount rate and mortality table assumptions as those utilized to calculate the accumulated benefit obligations for the Clergy Plan (see Note 8).

The following charts summarize the changes in the Net Assets described above for the years ended:

| Total                      | \$ | 2,666,543 | \$<br>(56,101) | \$ | (759,793)   | \$  | 209,140     | \$ | 46,400      | \$<br>2,106,189 |          |         |

For the year ended March 31, 2023, the Clergy Post-Retirement Medical Assistance Plan increased by \$73 million as outlined in the table above. The \$229 million increase to the liability under Changes in Other Assumptions includes a \$233 million increase related to the increase in the expected subsidy (increase in medical costs), offset by insignificant changes in other assumptions.

| Total                      | \$ | 2,607,237            | \$<br>(61,131)   | \$<br>(489,833)          | \$<br>502,119    | \$<br>108,151                       | \$<br>2,666,543 |

For the year ended March 31, 2022, the Clergy Post-Retirement Medical Assistance Plan increased by \$91 million as outlined in the table above. The \$260 million increase to the liability under Changes in Other Assumptions includes a \$267 million increase related to the increase in the expected subsidy (increase in medical costs), offset by insignificant changes in other assumptions.

For the years ended March 31, 2022, the Assessment Deficiency decreased by \$17 million as outlined in the table above. The \$243 million increase to the liability under Changes in Other Assumptions includes a \$233 million increase related to the impact of the change in the COLA assumption.

The amount designated for investment in affiliated companies represents the investment in affiliated companies, at fair value, excluding the condominium office space that is the headquarters of the Church Pension Group. This asset is not restricted from use by CPF and, as of March 2023 and 2022, had a fair value of \$82.6 million and \$85.4 million, respectively.

#### 8. ACCUMULATED PLAN BENEFIT OBLIGATIONS

Buck Global, LLC, is an actuarial consulting firm that estimates the actuarial present value of the accumulated plan benefit obligations owed to participants in the Clergy Plan, the Lay Plan and the Staff Plan to reflect the time value of money (through discounts for interest) and the probability of payment (taking into account assumptions for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Accumulated plan benefit obligations are the estimated discounted present value of the future periodic payments, including lump-sum distributions that are attributable, under the plan provisions, to services rendered by the plan participants to the valuation date. Accumulated plan benefit obligations include benefits that are expected to be paid to: (a) retired or terminated participants or their beneficiaries, and (b) present participants or their beneficiaries based on assumptions for future compensation levels, rates of mortality and disability, and other factors. The effect of plan amendments on the accumulated plan benefit obligations is recognized during the years in which such amendments become effective. There were no significant plan amendments impacting the accumulated plan benefit obligations as of March 31, 2023 and 2022, other than the cost-of-living-adjustment (described further below).

#### • Discount rate:

The discount rate is compounded annually and developed considering annualized yields for long-term government and long-term high-quality corporate bonds that reflect the duration of the pension obligations using the cashflows of the plans.

For the years ended March 31, 2023 and 2022, the discount rate was calculated using a yield curve based on high quality fixed income securities and the cashflows of each of the defined benefit plans. Prior to March 31, 2022, the discount rate was calculated using a high-quality bond index yield, adjusted for the difference in the duration between the bond index yield and the combined cashflows of the plans.

The change in the discount rates and the related impact of the change in the discount rates on the accumulated benefit obligations as of March 31 are as follows:

| _           |       | Discount Rate as of March 31 | 0     | the<br>Benefit<br>March 31 |              |           |
|-------------|-------|------------------------------|-------|----------------------------|--------------|-----------|
| _           | 2023  | 2022                         | 2021  |                            | 2023         | 2022      |
| Plan        |       |                              |       |                            |              |           |
| Clergy Plan | 5.02% | 3.89%                        | 3.25% | \$                         | (830,457) \$ | (514,811) |
| Lay Plan    | 4.96  | 3.82                         | 3.25  |                            | (27,247)     | (16,053)  |
| Staff Plan  | 4.98  | 3.84                         | 3.25  |                            | (35,778)     | (21,000)  |

For the year ended March 31, 2022, the decrease to the accumulated benefit obligations for the Clergy Plan, Lay Plan, and Staff Plan (in the table above) includes \$305 million, \$11 million and \$14 million, respectively, for the change in the discount rate methodology.

#### • Cost-of-living adjustment (COLA):

|             |       | Cost-of-living-adjustment as of March 31 |       |  |  |  |  |
|-------------|-------|--|-------|--|--|--|--|
|             | 2023  | 2022                                     | 2021  |  |  |  |  |
| Plan        |       |  | _     |  |  |  |  |
| Clergy Plan | 3.00% | 3.00%                                    | 2.50% |  |  |  |  |
| Lay Plan    | _     | _  | _     |  |  |  |  |
| Staff Plan  | _     | _  | _     |  |  |  |  |

For the year ended March 31, 2023, there was no change to the COLA assumption. For the year ended March 31, 2022, the COLA assumption was increased from 2.5% to 3.0% due to current economic outlook, resulting in an increase of \$330 million in the accumulated benefit obligations of the Clergy Plan.

CPF Board of Trustees grants COLA at its discretion. The decision is made annually.

As of January 1, 2023, a 8.7% COLA was granted for retiree benefits compared to the 3.0% assumed COLA, resulting in an increase of \$269 million in the accumulated benefit obligations of the Clergy Plan as of March 31, 2023.

As of January 1, 2022, a 5.9% COLA was granted for retiree benefits compared to the 2.5% assumed COLA, resulting in an increase of \$155 million in the accumulated benefit obligations of the Clergy Plan as of March 31, 2022.

- Vesting for the years ended March 31, 2023 and 2022:
  - Clergy Plan: After five years of credited service or at age 65 or older while an active participant.
  - Lay Plan: After five years of credited service, at age 55 or older while an active participant, or the date the participant becomes eligible for disability retirement, whichever occurs first.
  - Staff Plan: After five years of credited service, or at age 65 or older while an active participant after completing 12 full calendar months of service as a regular full-time or regular part-time employee.
- Retirement for the years ended March 31, 2023 and 2022:
  - Clergy Plan: Normal, at age 65 and after; early, with no reduction at age 55 with 30 years of credited service; reduced benefits, at age 55 with at least 5 years credited service; compulsory, at age 72.
  - Lay Plan: Normal, at age 65 and after; early, with reduced benefits at age 55.
  - Staff Plan: Normal, at age 65 and after; early, with no reduction at age 55 if combined years and months of credited service and age equals or exceeds 85; otherwise, early with a reduced benefit at age 55 with at least 5 years of credited service.
- Mortality for the year ended March 31, 2023:
  - Clergy Plan: The Pri-2012 Employee White-Collar Mortality Table was used for participants, the Pri-2012 Retiree White-Collar Mortality Table was used for retirees, and the Pri-2012 Contingent Survivor Mortality Table was used for retirees' spouses and beneficiaries. Special mortality tables were used for disability retirements.
  - Lay Plan: The Pri-2012 Employee Total Mortality Table was used for participants, the Pri-2012 Retiree Total Mortality Table was used for retirees, the Pri-2012 Contingent Survivor Table was used for retirees' spouses and beneficiaries and the Pri-2012 Disable Retiree Mortality Table was used for disability retirements.
  - Staff Plan: The RP-2014 Employee White-Collar Mortality Table was used for participants and the RP-2014 Healthy Annuitant White-Collar Mortality Table was used for retirees, spouses and beneficiaries.

- Mortality for the year ended March 31, 2022:
  - Clergy Plan: RP-2014 Employee White-Collar Mortality Table was used for participants and the RP-2014 Healthy Annuitant White-Collar Mortality Table was used for retirees, spouses and beneficiaries. Special mortality tables were used for disability retirements.
  - Lay Plan: The RP-2014 Employee Total Mortality Table was used for participants and the RP-2014 Healthy Annuitant Total Mortality Table was used for retirees, spouses and beneficiaries.
  - Staff Plan: The RP-2014 Employee White-Collar Mortality Table was used for participants and the RP-2014 Healthy Annuitant White-Collar Mortality Table was used for retirees, spouses and beneficiaries.

For the year ended March 31, 2023, the impact of the change in mortality table decreased the accumulated plan benefit obligations for the Clergy Plan by \$122 million, and for the Lay Plan by \$1.3 million. There were no changes to the mortality table for the Staff Plan.

For the years ended March 31, 2023 and 2022, the improvement in mortality was projected on a fully generational basis using Scale MP-2021.

These actuarial assumptions are based on the presumption that the Clergy Plan, the Lay Plan and the Staff Plan will continue. If a plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefit obligations.

The actuarial present value of the accumulated plan benefit obligations of the Clergy Plan, the Lay Plan and the Staff Plan are summarized as follows:

|   | C  | Clergy Plan | Ι   | ay Plan    | S  | Staff Plan |
|---|----|-------------|-----|------------|----|------------|
|   |    |             | (In | Thousands, | )  |            |
| March 31, 2023                            |    |             |     |            |    |            |
| Vested benefits:                          |    |             |     |            |    |            |
| Actuarial present value of accumulated    |    |             |     |            |    |            |
| plan benefit obligations for retired      |    |             |     |            |    |            |

#### 9. FUNDING

Participating employers pay assessments to CPF on behalf of the eligible participants in each respective plan. The assessments for the participants in the Clergy Plan are equal to 18% of the applicable participants' compensation as defined under The Church Pension Fund Clergy Pension Plan. The assessments for the participants in the Lay Plan are equal to 9% of the applicable participants' compensation as defined under the Lay Plan. The assessments for the participants in the Staff Plan are equal to 15% of the applicable participants' compensation as defined under the Staff Plan.

Assessments paid to CPF on behalf of the participants in the Clergy Plan, the Lay Plan and the Staff Plan were \$85.3 million, \$4.7 million and \$11 million, respectively, during the year ended March 31, 2023 and \$84.0 million, \$4.6 million and \$9.8 million, respectively, during the year ended March 31, 2022.

# 9. FUNDING (CONTINUED)

The funding positions of the Clergy Plan, the Lay Plan and the Staff Plan are summarized as follows:

|  | Clergy Plan Lay Plan |               | Staff Plan |
|--|----------------------|---------------|------------|
|  |                      | (In Thousands | 5)         |

| deficiency Actuarial present value of accumulated  | \$ 14,822,517        | \$ 265,795    | \$ 359,308 |
| plan benefit obligations   | 6,683,016            | 222,546       | 228,754    |
| Surplus  | \$ 8,139,501         | \$ 43,249     | \$ 130,554 |

#### 10. RELATED-PARTY TRANSACTIONS

During the years ended March 31, 2023 and 2022, CPF paid The Episcopal Church Clergy and Employees' Benefit Trust ("ECCEBT") contributions of \$30.7 million and \$39.2 million, respectively, towards the cost of medical coverage for eligible retired clergy and their eligible spouses. There were no amounts due to ECCEBT at March 31, 2023 and 2022, in connection with this coverage.

During the years ended March 31, 2023 and 2022, CPGSC provided certain services, primarily personnel, general and administrative expense processing and facilities related, to CPF on a cost-reimbursement basis and billed \$122.1 million and \$120.9 million, respectively, for such services

# 10. RELATED-PARTY TRANSACTIONS (CONTINUED)

The executive compensation philosophy is established by the Compensation, Diversity and Workplace Values Committee of the Board of Trustees. The total remuneration of certain key officers of CPGSC is approved by the Compensation, Diversity and Workplace Values Committee of the Board of Trustees. In addition, the total remuneration paid to the Chief Executive Officer and President is approved by the Board of Trustees. As part of approving the total remuneration of key officers, the Compensation Diversity and Workplace Values Committee and the Board of Trustees review the remuneration targets for functionally comparable positions in other financial services organizations and not-for-profits with similar complexity, as well as individual and corporate performance. Supplemental retirement and life insurance benefits are provided to certain officers under the terms of individual agreements.

The cash compensation for the two officers of CPF receiving the highest total cash compensation for the year ended March 31, 2023, was as follows:

Mary Katherine Wold, Chief Executive Officer and President \$ 2.0 million Roger A. Sayler, Executive Vice President and Chief Investment Officer 2.1 million

CPF maintains a defined contribution plan for eligible employees of CPGSC, under which employees may contribute up to 100% of their salaries, subject to federal limitations. Employee contributions of up to 6% of salary are matched 75% by CPGSC. Total employer-matching contributions under this plan were \$2.3 million for both years ended March 31, 2023 and 2022.

CPGSC also provides healthcare, disability and life insurance benefits for eligible active and retired employees. CPGSC accrues the cost of providing these benefits during the active service period of the employee. For each of the years ended March 31, 2023 and 2022, CPF and its affiliates recorded expenses of \$1.5 million and \$1.4 million, respectively, for these benefits. This obligation is estimated at \$25.8 million as of March 31, 2023 and 2022. Management performs a valuation every three years as the impact of doing the valuation annually is immaterial. As of the latest valuation date of March 31, 2022, for measuring the expected post-retirement healthcare benefit obligation, average annual rates of increase in the per capita claims cost for 2022 were assumed to be 6.0%. The increases in medical costs are assumed to decrease annually to 4.75% in 2025 and remain at that level thereafter.

#### 11. LINE OF CREDIT

CPF maintains unsecured loan agreements for both committed and uncommited lines of credit with The Northern Trust Company. The total credit facility is \$350 million as of March 31, 2023, of which \$100.0 million is committed and \$250.0 million is uncommitted. Advances under these lines of credit may be repaid and redrawn, in accordance with the terms of the loan agreements, with all amounts outstanding due in full on or before December 25, 2023. Advance requests must first be made under the committed line of credit; once committed principal is fully drawn, the principal available under uncommitted line of credit can be drawn. The commitment fee is payable on the average daily amount of committed principal undrawn and is equal to fifteen one-hundredths of one percent (0.15 of 1%) of such amount per annum.

At March 31, 2023 and 2022, CPF did not have any amounts outstanding under the Unsecured Revolving Line of Credit and has yet to borrow any amounts and therefore no interest expense has been incurred for the years ended March 31, 2023 and 2022.

#### 12. COMMITMENTS AND CONTINGENCIES

The Church Pension Fund invests in various securities as part of its ongoing operations. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, changes in the values of investment securities may occur in the near term and such changes could materially affect the amounts reported in the combined financial statements. World events, including inflation, are increasingly affecting economic and global financial markets. There continues to be uncertainty surrounding the duration and the broader impact of these events on the global economy and the ultimate impact cannot be determined at this time.

# 13. SUBSEQUENT EVENTS

Management has performed an evaluation of subsequent events through July 20, 2023, which is the date the combined financial statements were available to be issued.

#### **EY** | Building a better working world

EY exists to build a better working world, helping to create long-term value for clients, people and society and build trust in the capital markets.

Enabled by data and technology, diverse EY teams in over 150 countries provide trust through assurance and help clients grow, transform and operate.

Working across assurance, consulting, law, strategy, tax and transactions, EY teams ask better questions to find new answers for the complex issues facing our world today.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients.
