## PROTECTING MINORS TOGETHER WITH ROBUST SCREENING

**Church Insurance Agency Corporation has partnered with Praesidium for several years and adds another layer to your abuse prevention resources for your church.**

Church Insurance Agency Corporation has negotiated discounted background screening services through Praesidium to check the backgrounds of any employee, clergy, or volunteer (including parents) who will work closely with children, teens, and vulnerable adults on a regular basis.

- Name and Address History Locator (SSN Trace)
- Multi-State Criminal Database check with Aliases
- National Sex Offender Database check with Aliases
- County Criminal check in the subject's current county of residence
- Reference Checks

This selection of services will help balance the need for a wide reaching background screening program with the depth of information obtained from a highly targeted check.

Praesidium has been key to our risk assessment and management for several years for their reliable strengths in safety assessments, background screening, abuse prevention training, policy creation and even crisis response. Their team has helped us toward a safer environment for our staff, volunteers and the kids we work with. More than a service provider, Praesidium is a partner we can trust.
