

Your Medical and Dental Benefits in Retirement (for clergy with retirement eligibility dates *later than* June 30, 2013)

The Episcopal Church Medical Trust (Medical Trust) offers three Medicare Supplement Health Plans and three dental plans for eligible retirees of The Church Pension Fund Clergy Pension Plan (Clergy Pension Plan) and their eligible dependents.

Medicare Supplement coverage¹

Medicare Supplement Health Plans provide you with additional healthcare coverage by helping you pay many of your out-of-pocket expenses after Medicare pays its portion. They supplement Medicare by paying a portion of Medicare copayments, coinsurance, and deductibles, and by paying for some services not covered under Medicare, such as hearing aids. Medicare Supplement coverage is available to eligible retirees and their eligible spouses, domestic partners, and dependent disabled children, subject to enrollment in Medicare Parts A and B.

All three Medical Trust Medicare Supplement Health Plans include prescription drug, vision, hearing aid, employee assistance program, fitness program, health advocacy, and travel medical protection benefits at no additional cost.

The Comprehensive Plan offers excellent coverage and is a great value for the rich benefits it provides. It offers coverage for a broad range of medical services including physician visits, hospital stays, lab work, outpatient services, prescription drugs, an annual physical, and vision benefits. The Comprehensive Plan's hearing aid benefit is \$1,000 per ear, every five years.

The Plus Plan provides similar protection to the Comprehensive Plan with some enhancements such as lower annual out-of-pocket maximums, as well as slightly lower copays for physician office visits and prescription drugs. The Plus Plan's hearing aid benefit is \$1,000 per ear, every five years.

The Premium Plan has the same features as the Plus Plan, but richer benefits for physical, occupational, and speech therapy. You pay 0% and the plan pays 100% and continues to pay even after Medicare no longer pays for these therapy services. The Premium Plan pays up to \$2,000 per ear, every five years for hearing aids, twice the benefit of the Comprehensive and Plus plans.

¹ Health benefits are offered through plans sponsored by Church Pension Group Services Corporation (doing business as The Episcopal Church Medical Trust), 19 East 34th Street, New York, NY 10016.

Pharmacy benefits

Our Comprehensive, Plus, and Premium plans include pharmacy benefits under the Medicare Part D program with additional benefits. This coverage, called Express Scripts Medicare™, is administered by Express Scripts, a leading pharmacy benefits manager with the nation's largest home delivery pharmacy operation. This benefit has a tiered copayment approach and lets you fill prescriptions at your local retail pharmacy or by using the Express Scripts PharmacySM home delivery service.

Your pharmacy benefit includes Smart90®. With this new feature, you now have two ways to get up to a 90-day supply of your long-term maintenance medications (those drugs you take regularly for ongoing conditions):

- 1) Via home delivery from the Express Scripts Pharmacy
- 2) At any Walgreens pharmacy, plus Walgreens-affiliated pharmacies such as Duane Reade and certain Rite-Aid locations

For more information about Smart90, call Express Scripts customer service using the number on the back of your ID card.

Participant cost: Clergy who retire on or after July 1, 2013 and were not eligible to retire as of June 30, 2013, and their Eligible² Spouses or Surviving Spouses

The Church Pension Fund provides a subsidy for the purchase of post-retirement health benefits for eligible clergy who retire under the Clergy Pension Plan and their eligible spouses or surviving spouses.³ This subsidy must be used to purchase a Medicare Supplement Health Plan and/or dental plan through the Medical Trust; it is never paid directly to the retiree.

The chart on the next page shows the monthly 2020 costs per member for the Medicare Supplement Health Plans with prescription coverage — including any applicable subsidy amounts — for participants who retire on or after July 1, 2013, and who were not eligible to retire as of June 30, 2013, and their eligible spouses or surviving spouses. For the cost of these plans without prescription coverage, please contact our Client Services team. (See page 4 for contact information.)

² To qualify for CPF's Medicare Supplement subsidy, a spouse must be enrolled in Medicare Parts A and B and be married to an eligible cleric on the day the cleric retires or dies and during a period in which the cleric earned at least three years of Credited Service under the Clergy Pension Plan.

³ The Church Pension Fund plans to continue to provide the Medicare Supplement subsidy. However, given the rising cost of medical care coupled with the uncertainty regarding the structure of Medicare in the future, this should not be viewed as a guarantee of the Medicare Supplement subsidy in perpetuity.

Please note: Check with the diocese you are retiring from or from which you retired to determine your actual costs for each plan before making your selection.

Rates for each plan and the amount of the Medicare Supplement subsidy are communicated to each participant during the annual open enrollment period.

To select a Medicare Supplement Health Plan without prescription drug coverage, you must submit proof of your Part D plan other than Express Scripts Medicare.

If you are eligible for a Medicare Supplement subsidy and you select a Medicare Supplement Health Plan that costs less than the amount of the Medicare Supplement subsidy you receive (if, for example, you choose a plan without prescription drug coverage because you already have other Medicare Part D coverage), you may apply the remaining subsidy amount toward a Medical Trust dental plan *if it is enough to cover the full cost of that dental plan*.
